Description

The Mercedes-Benz Iglhaut Sprinter 319 CDI 4x4 is an exceptional and rare off-road vehicle, professionally converted by the renowned Iglhaut Allrad, offering true permanent all-wheel drive with outstanding expedition capabilities.

Finished in elegant Enzian Blue, this vehicle combines rugged performance with versatility, making it the perfect base for an expedition camper, overland travel vehicle, or professional off-road transporter.

Powered by a highly sought-after 3.0L V6 diesel engine (190 HP) paired with an automatic transmission, it delivers strong and reliable performance both on and off the road. The advanced Iglhaut system features permanent 4x4 drive with three 100% mechanical differential locks, ensuring maximum traction in the most demanding terrains—without reliance on electronic systems.

Built for serious off-road use, this Sprinter includes:

Low-range gearbox for extreme terrain and mountain towing

315/75 R16 off-road tires with a 120 mm suspension lift for increased ground clearance

Heavy-duty underbody protection and rock sliders

Raised air intake (snorkel) with cyclone filter

With a fuel capacity of approximately 140 liters (main + auxiliary tank), it offers extended range for long-distance expeditions. The vehicle is also rated for a towing capacity of up to 2,000 kg.

The interior is highly flexible, featuring a modular seating system with up to 8 seats. Three bench seats can be easily installed or removed without tools, allowing quick transformation from passenger transport to cargo or camper configuration.

Additional features include:

Full-length airline rail system for flexible cargo or furniture mounting

Roof rack (Frontrunner)

Spare wheel carrier with full-size spare (315/75 R16)

Sliding window (retrofitted)

Heavy-duty suspension for rough terrain

Rear camera, navigation system, air conditioning, and cruise control

With a payload of 700 kg and upgraded total weight of 3,880 kg, this vehicle is both capable and practical.

? This Iglhaut Sprinter 4x4 is a unique opportunity for buyers seeking a truly capable, professionally built off-road vehicle—ready for expeditions, overlanding, or versatile daily use.
